

## Technical Service Bulletin

Release Date: 7/1/20

---

**PURPOSE OF BULLETIN:** Registration for FCA vehicles

---

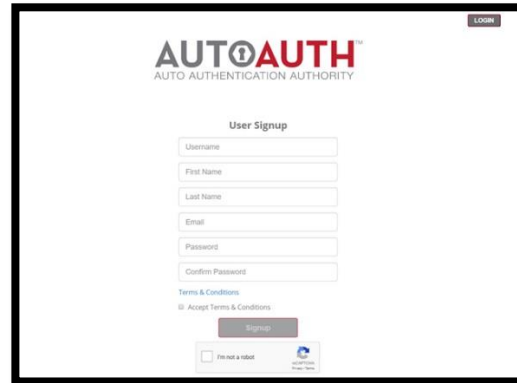

### SOLUTION:

### User Creation

To create an account please navigate to [webapp.autoauth.com](https://webapp.autoauth.com) and Click REGISTER NOW.

The account must be at least 8 alphanumeric characters starting with a letter (no spaces or special characters). Usernames are lowercase. Once you decide on a username you will enter the other fields including:

- First name
- Last name
- Email address
- Password
- Password confirmation

A screenshot of the 'User Signup' form on the AutoAuth website. The form is titled 'User Signup' and includes the following fields: 'Username', 'First Name', 'Last Name', 'Email', 'Password', and 'Confirm Password'. Below the fields is a section for 'Terms & Conditions' with a checked radio button for 'Accept Terms & Conditions'. At the bottom of the form is a 'Signup' button and a checkbox for 'I'm not a robot' with a reCAPTCHA logo.

Once you accept the terms and conditions, click the "Signup" button. This will create your account and AutoAuth will send you an email to confirm your email address. You are required to click the link sent in email to confirm your email address. Once this is done, you can then log in to the AutoAuth portal to manage your account at the AutoAuth home page <https://webapp.autoauth.com>.

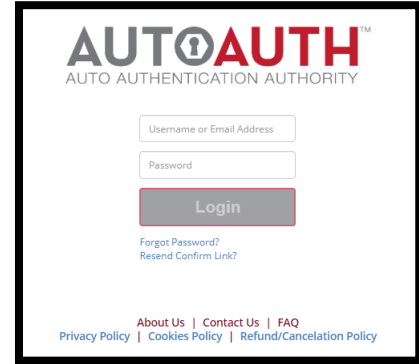

This completes the user signup process. No payment is required until a user registers a service center (shop). This is done after logging in as a user. Please repeat this step for all Users for your company.

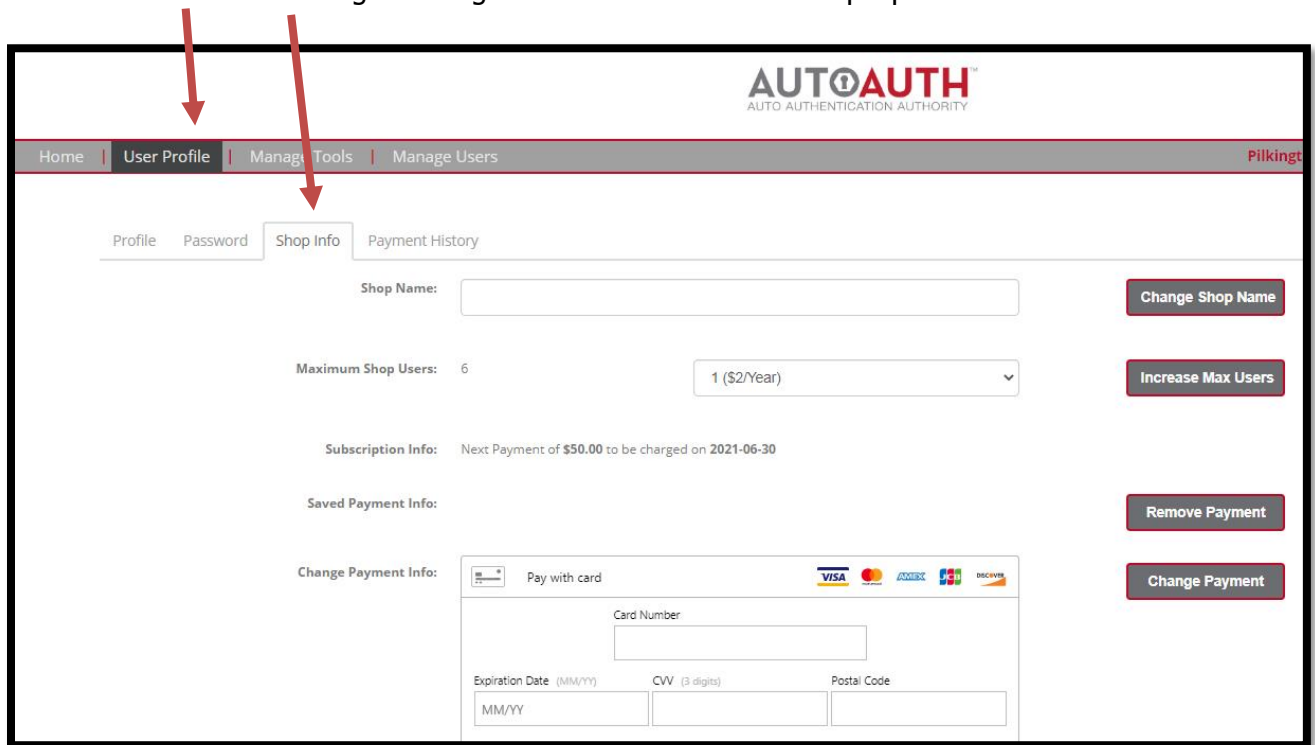

The solution for next generation auto glass innovators

## **Shop/Company Creation**

After the account has been created and verified, please navigate back to <https://webapp.autoauth.com/login> and use the Username and Password to Login into the Auto Auth website.

Select User Profile and Shop Info to create the shop's profile. At this time a \$50 payment will need to be submitted to begin adding Users and Tools to the Shop's profile.
